The editors

Hannah Poortinga, senior

I became an editor because I like helping people and sharing my ideas with others. I like knowing that others can come to me for help when they need it.

Rachel Math, senior

I became an editor because I like to design pages and the ideas I come up with. Plus, I like helping others.

Katie Burns, senior

I became an editor because it sounded like a fun opportunity. Instead of focusing on one or two pages, I get to help design the entire yearbook.

why did you become an editor?
