

A SENSE OF STYLE

Fashion at CCA

It is amazing that you can dress in a particular way to make people feel and think different things about you. You can basically use your style to express yourself. It doesn't matter if you care about fashion or not, the real question is how you intentionally or diligently choose to dress yourself.

CCA is an amazing district because there is diversity in all of the students and in the ways that they express themselves. Some people choose to come to school in sweatpants and a hoodie, others come in jeans and t-shirts, and others come in dresses and designer apparel. In our district, students choose what they want to wear and who they want to be.

"STYLE IS A WAY TO SAY WHO YOU ARE WITHOUT HAVING TO SPEAK."
