

What does it mean to be **A SPARTAN?**

"As a football player, it's all about togetherness and being a family. We preach team chemistry and total effort and that defines what being a Spartan means. My favorite moment this season was probably beating Davenport North 44-6 when they thought they were better than us and they expected to win."

"To be a Spartan means to give total effort on every play. In order for the team to succeed, everyone has to give total effort. That is what is special about the Spartan football team. Everyone gives their all every play. My favorite memory of the season was winning four straight games in order to make playoffs. We had zero room for error, and we were able to pull it off. We started off 1-4, but we were able to go 5-4 with on of the toughest schedules in the state."

"Being a Spartan on the football team means always putting in total effort and working hard no matter what the outcome is. It means never letting yourself or your teammates down. My favorite memory of the season was my scoop and score against Davenport Central."

"To me being on the football team means coming to practice every day with a total effort attitude and creating bonds that will last forever. My favorite memories were the team dinners and beating Davenport North."
