

THE CENTAUR VOL. 14 MOUNT VERNON HIGH SCHOOL 2018-2019

bring
THE STORM

MOUNT VERNON HIGH SCHOOL 2019

The theme "Bring the Storm" reflects the literal severe weather of the year, as well as the figurative storms that hit our school community. We had a football game delayed for lightning, lasting a total of six hours. We had a total of 10 school closures and numerous delays due to severe winter weather. Cross country, track and ball games were flooded out, and weather impacted students' home life. Although the Mustangs could have let this cast a gloom over them, most managed to make this year one to remember.

A figurative storm brewed in Mount Vernon when both a student and a teacher were diagnosed with cancer, both needing surgery and chemotherapy. We rode out this storm with them. We lost members of our school community to cancer, but lit up the town in Christmas lights in support of Marsha Light.

The yearbook team decided to use the storms endured this year as inspiration to focus on how the troublesome events brought the school together in solidarity to help each other.

The stories of storms impacting Mount Vernon can be found throughout the book.

RIDING THE STORM

“IN THE MIDDLE OF THE SLEDDING HILL THERE WAS A BIG HILL THAT ME AND MY FRIENDS WENT DOWN A LOT, AND IT WAS REALLY FUN.”

ELSA LAFOLLETTE '22

Freshmen Elsa Lafollette, Isabel Klawiter and Sarah Homrighausen join together to go down Pres Hill during the freshman J-Term Health and Fitness class. The freshmen also took a trip to Air FX and the ice arena during their J-Term trip. Photo by Logan Kelly.
