During spirit week Jameson went all out for beach day, dressing in swimming gear, a towel hanging around his neck and goggles. He said "I was trying to express myself in a new way and show everyone who I can be."

## Jameson In Reality.

In reality he is dressed like any other high schooler. He finds his family very important and keeping up with friendships as much as he can. He also enjoys golfing and playing football in his free time.

# Spirit Week.

**A chance to show our Titan Pride.**

Homecoming week, best known as Spirit Week. Every year the student council comes up with days for students to dress up. This year the days were *Meme Day*, *USA Day*, *Beach Day*, *Twin Day* and the *Classic Spirit Day*. Many students participated this year, going all out for the days, including some teachers too.

Spirit week is a chance to show the spirit you have for our school, support the sports teams and step out of your comfort zone. Several students have said that this week is when all students come together and show their spirit in a fun way. We love our school and coming together as one this week.
