You Had to be at Freshman Retreat!

The Freshman Retreat was all about respecting people and setting long-term goals in life to better oneself. According to Principal Tim Felderman, the Freshman Retreat has taken place for many years to point freshmen in the right direction.

Gracie McCusker thought it was a great experience. "The retreat taught me to always love myself and respect others," McCusker said.

Engaged with the speaker, Gracie McCusker sings and dances along with the rest of the freshman class.
