

"MY GOALS ARE TO WORK TO MAINTAIN THE SUCCESS THAT WEST HAS HAD IN THE PAST."

MEET ALI ALWAHDANI

—Interviewed by Jack Dickens

What are your goals in high school?

To work to maintain the success that West has had in the past years, both athletically and academically. It isn't easy, but it's something that I think most people strive for.

What do you like to do in your free time?

A lot of what I do in my free time is pretty normal, I guess. I like to hang out with friends, and play some video games here and there. I also like to travel. I've been to places like London and Greece, and that's always fun.

Do you play any sports?

I play football on the varsity team. I play either defensive end or defensive tackle. Those positions aren't necessarily the ones in the spotlight all of the time, but that doesn't really matter much to me. I like them because you always have a job to do. They're physical, and it's pretty much just you against the guys across from you, which I find fun.

Who has helped you improve at football?

My coaches have helped all of us a lot, but my teammates have pushed me a lot, just like I hope I've pushed them. This year, learning from the senior class helped me a lot just because they showed us juniors how to lead and how to be successful as a team.

What's your favorite part about football?

Obviously, winning games is always fun, but there are always little things here and there that I enjoy. Every practice or lift (session) there's always something funny or entertaining going on. The bus home from away games is always fun because you can just chill with your teammates.
