Through the Eyes of Champions

1982 4A State Champions

Hoover's first softball state champions.

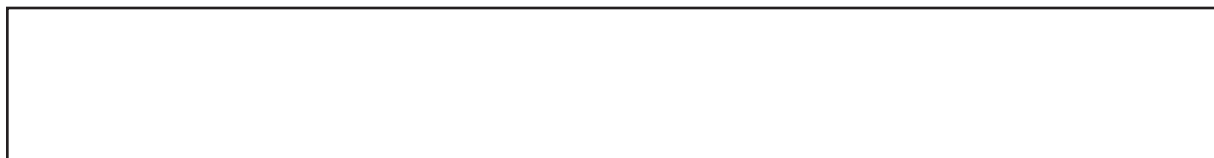

1982 graduate and member of the 1982 state softball championship team Rozzie Brafford Smith was one of many former players to come back and show her support. "I am so thankful I was able to show my support for this team. Watching Hoover do so well and winning with such grace was a great experience. This team is a group of young ladies who have hearts of gold, I am so impressed with how they play softball, and their character on and off the field," Brafford Smith said.

2018 4A State Champions

36 years later.

Hoover wins the championship for the second time in history keeping their winning streak at state. It may be hard to believe that Hoover has only been to state tournament twice even though the school has been open for 50 years. Winning state was a nice way to end Hoover's 50th anniversary year. "Everyone did their part, whether it was cheering in the dugout or picking each other up. We always had each others' backs," senior Jade Sharp said.

“Teamwork makes the dream work”

Charles City
7/17/18 7-2

Sergeant Bluff-
Luton 12-1
7/18/18

Adel-Desoto-
Minburn 8-3
7/20/18

Winning streak.

The Huskies celebrated their victory by receiving pink championship shirts.

Coach Feuerbach named All-Iowa Softball Coach of the Year. Not only did she receive 4A Coach of the Year, she received Coach of the Year throughout the whole state. Coach Melissa Feuerbach, the health teacher, grew up in a softball family along with her twin sister. Continuing their high school careers, they went to play college softball at Concordia University in St. Paul, Minnesota as a pitching and catching duo. Her personal background in softball helped her coach this softball team to victory.

What was the experience like as a fan? “It was a fun experience going to Fort Dodge to cheer on the Huskies,” Junior Brandon Barron
