## 2019

Growing Together is a process, much like the creation of this book.

From the first day of kindergarten to high school graduation, each moment presents an opportunity to grow as individuals and also together as a class and community. Throughout these pages, the sense of together-ness will be remembered through photos, stories and quotes.

When it comes time to move the tassel and start a new chapter, students will always have these memories... together.

## A Special Thanks

A huge thank you to everyone who contributed to the 2019 Bomber. A publication developed by students for students; we couldn't have done this without everyone who submitted photos, participated in interviews, identified photos or edited pages.

## Disclaimer

Every effort was made to be accurate and exhaustive in student body coverage. It's a huge bummer that no matter how many times we proofread, there are bound to be a few mistakes. We ask you to remember this is a student publication. We made every attempt to produce an accurate account of the year, but with 128 pages, we miss things occasionally. As this is the only edition printed, we apologize for any mistakes that were made during this educational process.
