

CREW. Senior, Karriem Muhammad explains how he felt during this moment on stage for *The Wiz* in the fall Musical Revue, held in the North High auditorium. "I was a little bit nervous, I guess, because that was my first play ever. I didn't know if the audience would gravitate to this scene, and I feel like they did. I think there was some relief in just those few minutes because you spend weeks on end practicing, hoping that you can give the audience an amazing show and scene, and I believe that I did."
