

DOME.

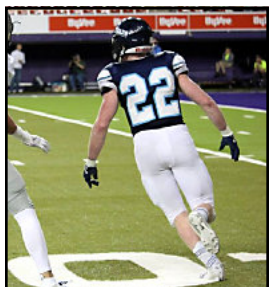

"It was a lot of fun and there was a lot of excitement for Lewis Central and the community. It meant a lot to people, especially LC alumni." -M. Duggan '19

"There was a lot of pressure trying to set the bar for future Titans. Even though we didn't get the result we wanted, we were still happy to be there. It was a feeling I've never felt before." -J. Lear '20

"It was a great honor, it was so much fun to play with my teammates there, and it was a great way to end my senior year of football." -C. Putnam '19

"I'm grateful that I was apart of it. It was the best experience of my life, nothing beats playing in the dome with the guys you grew up with." -J. Nightser '19

Football. Making history

Lewis Central football had a very successful season. Going 11-1 and making it to the Dome for the first time ever in Lewis Central history. The Titans went undefeated in the regular season, ending with a 9-0 record. We went on to the playoffs, winning both the first and second round games. After winning both the quarter-finals

games we qualified for state, meaning we had the opportunity of going to the UNI-Dome to play against Xavier in the semi-finals. Sadly the Lewis Central Titans's football season came to an end. The Titans ended up having a very tough loss of 37-13, but the whole Titan community was proud.

Movin' On Up

The level of competition and the game pace itself are all a lot faster. The players are a lot bigger.

Julian Brown '20

JV is a lot easier than Varsity, the competition gets a lot harder to where you actually have to pay attention to what you're doing. Teamwork really comes into play.

Bret Kobes '20

The transition was a lot more different because I got pushed harder by the other players and it has impacted me as a Wide Receiver to work harder.

Thomas Fidone '21

An annual tradition for the Lewis Central football team is having our seniors hang up their cleats after playing their last game of the season. Their cleats signify not only our graduates, but it also the end to an amazing season.
