# The Night at a Glance

## Polar Bear Gala

### What is it?

The third annual Polar Bear Gala met everyone's expectations. The night was named, "The Trifecta." The purpose of the gala is to raise money to support all North High Activities. Staff, community members and alumni come together to root for one thing; success for North High students.

There is an evident opportunity gap be-

tween North High students and students from say, suburban schools. The gala gives the necessary support for students to be just as good as any other school.

With money still rolling in, the gala committee aimed to earn \$75K, a hefty goal that they made possible.
