THEME

WE ARE...

“We Are” is the theme chosen for this year’s book because every four years the yearbook tries to have a school-spirited theme. This idea holds the purpose that if a student is enrolled at North for all four years, they will have a North-themed yearbook in their collection. The book is full of North colors, and it also features more students and staff than usual to show off our Polar Bears to their fullest.

We Are North High!

STRIPES. Throughout the book, you will notice North’s school colors in the background of pages as a way to create a color theme going with our intention of showing school spirit.

WE ARE THE EDITOR

Hello, and a special thank you to everyone who is reading this year’s 2020 yearbook! This year was a year of change and challenges, but our staff was able to accomplish many great things. This year was my first year as co editor in chief and I was honored to have such a big role in our staff. I would also like to thank my co editor in chief: to you, Itziy!

This year’s theme is a very special one as it represents us, our school, who WE ARE. Many special moments were captured like spirit week, pep rallies, clubs, and games. We, as a staff, tried our best to include everyone and every activity. Some of my favorite moments were going out and meeting new people and hearing the interesting things they had to say.

I hope you enjoy all the hard work that many people put into these pages. I’m so happy my junior year was captured and put in this book. It’s all of our memories that we hold dear. Many might consider 2020 a difficult year, but it’s still a year of memorable experiences and this yearbook captures that. Thank you again!

WE ARE Polar Bears

BLACK AND WHITE CUTOUTS. On each spread, there is a feature photo that has been chosen for the most school colors shown. The main subject(s) have been cutout and kept in color, while the background color has been taken out and stripes of color have been added to highlight school spirit and add a 3D effect.

“WE ARE” TITLES. Page titles start with an inclusive and eye-catching “WE ARE” to describe the various sports and activities. It is meant to show the uniting culture North has. It also provides an identity for each group and allows the reader to understand them better.

S

This yearbook contains all of our school’s ups and downs the 2019-2020 year brought. Not being able to finish the year with everyone did take a big toll on the book’s ending, but that didn’t mean we wouldn’t give you all the best we could. This is my first year of being an editor and as expected, making it was a roller coaster with a bunch of hills, just like the school year. Creating this book made me realize how stressful it is to be in charge of something big because you really do need everyone on top of their game. Thankfully, I had a great team working on this book and because of them I had a great time making it. So, I hope you enjoy!
