"I made all of the flour bags for the first home football game ever. It was fun to bring that tradition to Liberty and it created a lot of memories. My favorite memory of high school was coming to Liberty from West! It was really exciting coming to a brand new school and starting new traditions. I'm attending The University of Kansas in the fall. I will be rowing and studying exercise science on the pre-dental track. I am going to miss seeing people that I've been seeing everyday for many years. The same people have been in my life forever and it's going to be hard not seeing them anymore."

"One of my favorite memories from Liberty was making it to the playoffs in football. I will miss all of my friends and teammates the most when I go to college. I plan on attending the University of Iowa and majoring in physical therapy. Overall, I think that **Clint Feuerbach, Science**, has inspired me the most because he was my coach and has taught me a lot about football and life."

Leeann Potter

"I am going to attend Saint Leo University in Florida and play beach volleyball. Winning the regional championship game for Liberty Volleyball and qualifying for state with my best friends is something I will never forget. **Allie Hutcheson, Math**, has been a mentor to me since day one of starting here at Liberty. She is a great coach and teacher and I couldn't imagine my high school career without her."

“My junior year I had amazing teachers who supported me. One teacher that stood out amongst all the others was **Sakinah Ellickson, Science**. It was the beginning of the year and I had no idea what was going on in chemistry, per usual, and she wrote me a note telling me how proud she was of me for never backing down after receiving a bad test score. I have kept that note to this day because it was the first time at Liberty that I felt that I belonged there.”
