

Track 038

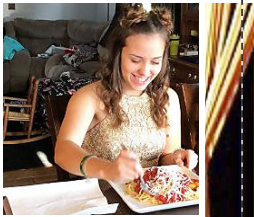

Prom 2020

Prom, what would have been a highlight for many upperclassmen's high school career, was originally scheduled for Saturday, April 18th at the Holiday Inn & Suites Event Center in Cedar Falls. However, due to a series of unfortunate events sparked by COVID-19, plans were changed.

With school to resume April 13th, the dance had been postponed until Saturday, May 9th. But, as health concerns increased in the state and the governor announced that schools were to remain closed for the rest of the school year, prom was officially canceled.

But some juniors and seniors, with the help of their families, found creative ways to celebrate this high school milestone while practicing social distancing, showing once again that nothing stops a Pirate.

What song were you excited to hear at prom?

"The Night We Met" because it's such a cute, slow song that was also featured on Riverdale."
senior Grace Richter

"I'd say the 'Cha Cha Slide' because it's a classic. I like to see the music bring everyone together on the dance floor to just have a good time!"
junior Emily Ingamells

"A song I would've really liked to have heard would be 'Cyclone' by Baby Bash. It brings great energy, and it's so fun to dance to!"
junior Mia McNeal

"Shut Up and Dance" by Walk the Moon because everybody knows that song, so we can all sing and dance together."
junior Hannah Tjepkes

DANCING QUEENS... AND KINGS
Senior Lexi Bergmeier's family, including freshman Josie Bergmeier, made prom at home a special event with a photo shoot and pasta meal fit for a queen. >> Senior Naomi Henderson smiles with her sister, 2019 graduate Abi Henderson. >> Senior Harley Schley and her date sit on a park bench. >> 2019 graduate Caleb Koelling and dual-enrolled student Kacie Herring get dressed up and celebrate the night together, but apart. >> Senior Trey Germain dances with his grandmother... while practicing social distancing. >> Senior Payton Stuart wears a tux, of sorts, and poses with his car.

"I heard how much fun prom and after prom were, so I was really excited to experience it all for myself with my friends for the first time!"
junior Emily Headington,
with junior Alyssa Meyer
