*"One of the biggest concerns for me right now is how to close out an educational career for the 47 students that make up the Class of 2020.*

*Graduation is the culminating and most important event of our school year, and one that you all have a part in, beginning when those students walked through our doors for the first time as 5-year olds. We are working on a way to honor that achievement not only for them, but to show our entire community that the business of education continues."*

**superintendent Dr. Tony Voss**

The district held its first virtual graduation ceremony, following a senior class parade around town. Both the Senior Awards and Graduation ceremonies went electronic due to state restrictions imposed by the governor in response to the pandemic.

Due to COVID-19, my graduation ceremony is going to be virtual! It would mean a lot to me if you would join in and watch me graduate! I will be posting the link to the virtual graduation as soon as possible.
