60 Years Young. An aerial shot of the West High campus taken in 1960 reveals a brand new school about to house 1,200 students. The dirt surrounding the building was barely settled, yet cars piled into the parking lot ready to begin a new journey in a new setting. Little did anyone know what the next 60 years would bring. From the inside out, West has changed to accommodate all of its students through 60 successful years of education and will continue to do so in the future.
