CHASING DOWN THE Dream

PV students dream big, knowing hard work and determination can get them anywhere. Here's how these Spartans are chasing their *dreams*.

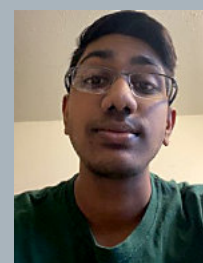

Mukul Kulkarni '22

"After I graduate high school I plan to major in mechanical engineering in an out of state college. There, I plan to learn how I can use my creativity to help solve today's most pressing engineering obstacles."

Ethan Lear '22

"I want to finish high school with all A's and go to college, hopefully Iowa. For my career I want to become an architect or an engineer."

Soumit Varre '20

"My dream is to have a stable job with consistent money in a good location."
