## Trending Wide: "ant trends

2020, the number of perfect vision. Also the year where many trends are making a comeback. These include: scrunchies, Crocs, Birkenstocks, the new Air Maxes and many more. Know any girls that wear scrunchies, Birkenstock sandals, drink out of a Hydro Flask with random stickers on it and say, "sksksk and I oop"? The Visual Supply Company, or as this generation knows it "VSCO", has rebooted an entire

Senior Hannah Crisci thinks that this is probably one of the best trends to ever exist. Crisci said, "I like the Birks, big oversized t-shirts and shell necklaces. It's the best look out there. I think that all the VSCO outfits are way easier to wear in the summer than in the colder weather."

Some people don't actually like all of the trends that are popping up. Sophomore Kylee Harper said, "I think some of the trends are really cute like Birks. Smaller dangly necklaces are so cute, and you can literally wear them with any outfit but Crocs and low rise jeans are not a fit."

Junior Ariana Villa agrees. She said, "I'm not a huge fan of scrunchies; my hair is too thick to be held up by them. I prefer furry Crocs because they keep my feet warm and my Crocs are black so they go with everything I own. I like when other girls wear VSCO outfits, but it's not my style. Chokers, on the other hand, I do not like them at all. They choke me out because obviously it's a choker."

Although the whole "VSCO" trend has been a big thing that has popped up this year, junior Matthew Reis likes how big of a trend jeans have become again. "I'm sort of feeling the whole cuffed jeans type thing right now, I don't normally do it but it looks nice. I love how the jean material in general is making a come back. Jean jackets are definitely a look."

Let's just say that maybe the whole "VSCO" trend will die down or maybe it won't.

I wash it every day and, of course, when you want good looking hair like mine, you gotta have a special kind of pomade to slick it all back. Let it flow baby," said Huffstutler. -Photos By: Shonda Nguyen
