

Driving dynamic duo of junior Lilly Dierks and Grandma Helen head out in Old Yeller to Mother Nature's turf for a little mudding fun on a beautiful day in Iowa.

Old Yeller awaits junior Lilly Dierks in the east parking lot after a full day of classes and a fix-er-up tune up.

Whhhheeeeeeeeeeeeeeeeeee!

Feel the mud, hear the splash with off-road Jeep adventures

For some driving fun, junior Lilly Dierks and her 2001 Jeep Wrangler TJ Sport, a gift for her sixteenth birthday, team it up for off-road adventures. "Some fun I've had in my Jeep would probably be some off-roading times, especially one time with Trenton Foutain, One of the greatest thrills to having my Jeep is living it up a little by hitting puddles and having it come up and

splash. It's just fun to drive on something other than pavement," said Dierks. Old Yeller is the name of her Jeep because it is old and it is yellow which is a unique color. "Probably driving it with the top and doors off is why I like it. It just feels so good to blast some music and have the wind flow through my hair," said Dierks.

With thumbs up, junior Lilly Dierks sits in her surprise gift for her sixteenth birthday for the first time that night.

Back in July 2017, senior Abbey Fisher sits in her 2005 Jeep Wrangler, Bertha, a surprise of her first car, from her dad who had it "stashed away in his old office building" and decided to let her see it. "He had purchased it even before I had Drivers Ed; he knew I wanted a red car, so it was the Jeep. My parents bought all of us kids our first cars. I named her Bertha because she's an older model. Well, my favorite thing is going on a drive with my friends during the summer with the top off while listening to music. Also, to go to the drive-in in a Jeep is the best thing! The night we went we saw 'The Lion King' and another Disney feature," said Fisher.

Summer fun run awaits junior Kylie Kemp's Jeep as it rests in the driveway. "I love my Jeep because I can take the doors and the top off in the summer; it's fun to drive around with friends listening to music. My favorite stories would be when I took it through a trail at Priest's cabin or just drove it around on summer nights," said Kemp.
