

Future Adventures...

Laura Christensen, Editor-In-Chief

After four years of high school, the graduating class is getting ready to move on to the next steps in their lives. The class of 2019 is going to many different places including college, the military and into the workforce.

Ungwa Itabelo
Grand View University
Des Moines, Iowa

I chose to go to Grand View because it is my dream college and it has all I ever wanted to enjoy at college. What inspired me to go to Grand View is everything about the environment, the location is close by home and most of all is that I won't have to suffer about having lots of students in one class.

Joanna Espitia
Grand View University
Des Moines, Iowa

I chose to go to Grand View because I've always had a passion to help others and Grandview is known for their nursing program. Grand View was also close to home and provided me with a full-ride scholarship.

Nathan Lane
Marine Corps Recruiting Depot
San Diego, California

I joined the Marine Corps because I wanted to do something to serve my country. In addition to wanting to serve, I wanted to make a difference. I never really enjoyed school so when I was looking for other options, the military felt like the best one.

Adrianna Campos
Grand View University
Des Moines, Iowa

I chose to go to Grand View because it's closer to home and more affordable for me. My cousin is also going through the same path that I am going with. She told me that Grand View, in her opinion, would be the best option for me because of smaller classes and my financial situation. I also chose to go there because they have a shooting team and although it's not the same thing I'm used to, I'm open and excited to try a new form of my sport.

Lilyahna Kowal
Iowa State University
Ames, Iowa

I chose Iowa State University because of the proximity to my family as well as the opportunities that are available for me there. I will be able to study in my specific field and even transfer if needed.

Jadon Landers
University of Iowa
Iowa City, Iowa

I chose the University of Iowa because of the major and profession I want to do. I want to be a pediatrician and the University of Iowa has an amazing medical program.
