LIFE'S TOO SHORT

Homecoming Week Festivities

Homecoming week changed a lot for 2020, filled with masks and showing off our stay-at-home outfits! We kicked off the week on Sunday with hallway decorating. On Monday we started our dress-up days. Many students chose to send in pictures of themselves dressed up on their "off-site" days. This year we also held a Rock, Paper, Scissors competition. Students who had a button challenged others to Rock, Paper, Scissors matches during passing times or at lunch. Our West Branch students found a way to make the best out of the big changes and enjoy the festivities while staying safe.

"Homecoming isn't something you'll get to have your whole life. You have to take advantage of the time you get and the fun activities that are offered because you only get them a few times in your life."

THIS JUST IN

This year, WBHS student government introduced some brand new events for homecoming week. One new event was teacher door decorating. Several teachers had their students work together to make decorations that go on the door to the classroom. It got mixed reactions since it was new this year, but many students enjoyed the activity.

What is your favorite part of homecoming week and why?

"Dress up days are my favorite because you can see the whole school transform and have fun dressing up together!"

ROAR LIKE BEARS

Reoccurring this year was the "Hide the Bear" daily scavenger hunt. Clues were sent out by email to all students and they searched for a tiny bear hidden somewhere around the school. Delaynie Luneckas '22 said, "I always love doing Find the Bear. It is a fun little thing to do during the school day." Many students also participated in the raffle drawing. If you participated in a dress up day, you could turn in a raffle ticket for a chance to win.
