Who do you miss?

In the year 2015, we chose to highlight 15 individuals on each page, sharing their answers to a question that would help our readers meet them in a new light. Through a questionnaire distributed in seminar, we asked every student at AHS questions about their unique preferences, memories and identity. We were able to feature 840 answers, on 112 pages, reminding all of us that we are more than a number: we are unique individuals.

**SAFETY FIRST** - Juniors Garrett Schwanke and Erin Olsen model safety on Heavy Equipment Day. Mr. Bair organized the day to allow students to experience tractors, dozers and scissor lifts firsthand.

**LIVE HEALTHY** - AHS students and faculty took to the track on Oct. 8, 2014, as part of Iowa's Healthiest State initiative. Jacklyn Sama, Stephanie Freund, Jazmine Blevins, Seth Schulte and Paige Bennett keep pace during the 25-minute Seminar activity. According to the Live Healthy Iowa website, more than 68,000 Iowans in 195 schools participated in the state-wide event.

Dear Readers,

There are 464 students at AHS, according to the official figures submitted to the Iowa Department of Education. And each of those 464 students is assigned a number. This is the number that identifies us when we check out books from the library or buy our lunch each day. When our school went one-to-one with computers this year, freshmen through seniors logged on, using their student numbers.

As the Javelin staff considered our theme for the year, we focused on how individual each student is. Yes, we are tagged with our student number...but we are more than that. We have our own ideas, passions, pet peeves and memories. We wanted our book to reflect this reality. Each of us brings something different to AHS, and each of us takes something unique away from our time here.

As you peruse these pages, we hope you see the unity of our school—but also the individuals. It was our goal to create a book that preserves memories of this special year, and that also introduces you to your classmates in new ways.

Thank you for purchasing a 2016 Javelin. We hope it brings you years of reflection and memories.

Sincerely,  
Your Javelin Yearbook Staff

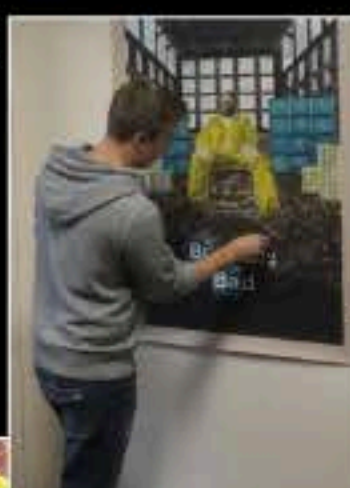

**OH BABY** - Because the 2015 Javelin is our seniors' final high-school yearbook, we wanted to highlight the graduates on our book's end sheets. Inside the front cover, you will find baby pictures, identified only by a number. Flip to the back end sheet, to meet the baby in senior form!

Mrs. Franken (dressed like her son) and Ryan Hawkins (dressed like his mom) Dress Like a Teacher/Student Day.

**READY FOR ANYTHING** - Sophomore Nate Moen sports a Mohawk haircut, Trojan gear, and wrestling take-down stance.

# More than a Number

**THE HEAT IS ON** - Welding students Garrett Pross, Ryan Camden, DJ Pross and Chase Holmes watch as Mr. Miller adjusts the flame on a torch welder.

**WHO'S WHO?** Students continued an AHS tradition by dressing as maintenance staff on Twin Day. Jenny Hohenberger, Mr. Ihnken, Erin Shannon, Mr. Lamp and Steph Freund make a formidable team as they circle round the trash cans.

**NUMBER? YES. BUT MORE THAN THAT** - On each page, the folio introduces another unique AHS student. We used the page numbers to remind students that we are More Than a Number.
