

A

TERM

1. **Bird Man** At a cross country meet, [Alex Richter \(18\)](#) wears a bird mask to pump up the rest of the team. Behind him, [Ryan Lanciloti \(17\)](#), [John Nikolopoulos \(18\)](#) and [Shawn Jakubsen \(20\)](#) prepared for the race. "Dressing up in a bird or a horse mask is our weird tradition. It encourages us. We always stand in a circle and someone puts on one of the masks and gives a speech before every race," said Lanciloti. (S. Ray)
2. **Freshmen Berties** At the Freshmen Fest in September, [Royal Wells \(20\)](#) and [Arosea Howell \(20\)](#) enjoy the games in George Marshall Gym. This event included a club fair, team-building games, free t-shirts and a bus ride to Brady Street Stadium for a football game. "I'm happy to be here at Central because I like the surroundings, and I'm especially excited about the football games. My new freshman t-shirt will help me remember my freshman year," Wells said. (S. Lamantial)
3. **Starting Positions** Ready to start the play, [Cameron Hart \(18\)](#), [Maurice Hughes \(18\)](#), [Hunter Menke \(17\)](#) and [Seth Dillon \(17\)](#) prepare to take on the Falcons. The game against West ended in a big victory with celebrations in the stands and on the field. "We always have fun and enjoy every football game. I have played football for nine years and want to do it after graduation," said Menke. (L. Grimm)

The **blueprint** for students during A term is crammed with new classes, homework, countless practices, games and Homecoming, which is only a short list of the many activities students do. As returning and incoming Blue Devils came in on the first day of school, the chaos started to build and students got to see new and old friends. Everyone came together to support the football team and show off our school spirit during games at the famous Brady Street Stadium. Student Council introduced the Homecoming Court and Queen at the auds and students celebrated Homecoming Week with a parade, bonfire and dance. On the horizon for the rest of the year were the ever-growing **blueprints** of the new construction projects: the new pool, new auditorium and new renovated classrooms from the old auditorium. (I. Kern)

Let's Go Blue! At the Homecoming game, Keith Inghram (17) and the "Brady Street Bunch" cheer on the football team. Every game had a different theme and many students participated in showing school spirit by dressing up for the theme and sporting body paint. "Football games are probably the greatest time of the year and I love being in the student section," Inghram said. (A. Kabal)
