

happy endings

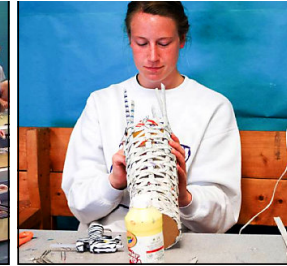

may 19 | may 28

To celebrate the end of the year, students were able to participate in many special activities. In the elementary, students enjoyed special events such as the annual Ag Day. The middle and high school students participated in an in-depth, focused learning environment called Pirate Term. Throughout these six days, students could learn about creating a medieval catapult, the power of aquaponics, how to turn trash into treasure, or how to create a TV show. Many groups would take field trips to a variety of places such as military bases, Adrenaline X for laser tag, a recording studio, Hawkeye Community College's film school, and even the University of Northern Iowa's WRC to rock climb and swim. While classmates, enjoyed this "fun-u-cational" time, the girls track team placed second at state track, making this a truly **happy ending** to the 2013-2014 school year.

Members of the Scuba Experience Pirate Term, sophomores **Megan Widner, Harley Mchone,** and **Jaci Witt**, try out their new scuba gear.

Playing an Orff Ensemble in Musical Mania, these future musicians learn how to play in harmony.

Junior **Corey Miles** carefully twists and weaves herself a new basket in Art Camp.

Taking part in the elementary Ag Day, fifth grader **Emily Headington** enjoys getting to sit on a Polaris Sportsman 500 ATV.

Competing to see who can fill up their buckets first, **Faith Hoffman** and **Jake Hoppes** race to fill up their sponges.

Sophomores **Alexis Reeves, Olivia Jordan,** and **Madison Davis** pose in front of the green screen at Hawkeye Community College.

The Healthy Lifestyle crew went on a field trip to Hansen's Farm Fresh Dairy Farm where they took a tour of the facilities.

Juniors **Kiley Gardner** and **Kara Nunemaker** show off their finished products from the Pirate Pickers group.

Members of the Aquaponics group, **Bryce Geisler, Carter Heinzerling,** and **Ryan Schilling** continue to work on their aquaponics system.

Making his way to the top, freshman **Kyle Higdon** climbs up the rock climbing wall for Military Exploration.
