RAT-A-TAT-TAT FROM A WILDCAT

To be sure to get it right, freshman Isaiah Gibbs focuses on drumming techniques while sending out the beats with the drum line that reverberate pounding sounds off the rafters and walls. "That Wildcat drum line made the bricks shiver as they beat out the school song," said Mascot Victor E. Wildcat after doing his antics to bring the crowd to their feet for the challenge cheer.

Wagner recaps music career, memories, plans for future

After four years of being a member of the Wildcat Marching Band and the band program, senior Aaron Wagner recalled his three favorite memories with band members. "My first one is marching down Main Street in Magic Kingdom at Disney World during our Florida trip my sophomore year.

My second favorite memory is the bonding with members of the drumline for four years, and my third favorite memory is winning best pit at two of the show choir invitationals," said Wagner.

Since fifth grade he has been in band. "I have loved music since I was a little kid. When I was introduced to Phil Collins, he motivated me to play percussion," said Wagner.

For plans after high school graduation, Wagner intends to attend Scott Community College for two years and then transfer to the University of Dubuque to finish his bachelor degree in digital forensics.

While at the University of Dubuque, he will use his percussion talents and skills by being a part of the university band.
