

# it's a RAM thing

---

Tradition is an important piece of Glenwood Community High School. We value the students that pass in and out of the doors each and every day along with the activities that occupy their lives and distinguish who they are. **It's a Glenwood Thing.** From our academic distinction and division one ratings to our sports records, we strive to make excellence our tradition. Uniqueness is at the center of all of our students and staff. We focus on improving and strive to make our traditions stronger. **It's Our Thing.**

*Spread by Madison Mead and Kristen Nakamoto*
